

### Powerhold Inc.'s **ENGINEERING DEPT.**

**Need help designing a fixture?**

**Having process problems?**

**Put the Engineering expertise of Powerhold Inc.  
to work for you.**

- Design software includes AutoCad 2000, and Solidworks.
- We can design individual parts, or complete assemblies.
- Learn how to design your own fixtures using Powerhold clamping elements such as Ringspann clamping discs.
- On-site and telephone technical support available Monday thru Friday 8:00am – 4:30pm EST.

- Hourly and On-site rates apply.
- For all inquiries contact:  
Powerhold Inc., 1-800-349-1044 or e-mail:  
[engineering@powerholdinc.com](mailto:engineering@powerholdinc.com).
